

ALTI-HOSPITALITY OVERVIEW

ALTI-HOSPITALITY...

- **Designed specifically for the AltiGen server based phone system**
 - **Designed to reach a vertical market currently unreached by AltiGen**
 - **Loaded with Robust Features, Including:**

ALTI-HOSPITALITY...

- ***Wake up service handled by front desk or by the room guest, an easy 'step by step' process (also built-in is a 10 minute snooze option)***
- ***Maid 'log in-log out' of room cleaning and provides room status such as; rented, available, unavailable, being cleaned and by whom***
- ***Voicemail for room guest and is able to automatically clear voicemail when the guest checks out***
- ***Able to enforce toll call limit; programmable for each room/extension***
- ***Disables outgoing calls automatically when the room is not rented***

ALTI-HOSPITALITY...

- **Call detail reporting for each room and logs all call activity to disk on a daily, weekly, monthly, or yearly basis**
- **911 available for each room, will immediately notify the front desk as well as ring the emergency 911 service**
- **One touch functionality for room service, front desk, etc...**
